

## Slimax HW100E

Tired of bulky water heaters? Fancy for an eye-refreshing kitchen? The new Slim & Beautiful Centon Slimax HW100E is the answer. Its design is an Art of Excellence and is skilfully crafted with an Everlasting Impression. Its diamond polished ABS white heater cover and silver stripes black panel shine beautifully and distinctively.

Centon now brings you the new ERA of Sleek & Stylish instantaneous water heaters in SLIM-fit design. Quality comes with the latest technology built-in manufactured according to most stringent ISO 9001 and ISO 14001 Standards.

Centon Slimax HW100E comes with friendly Pop-Start Stop Valve and swivel metal faucet. This heater is designed to fix above kitchen sink or basin for hot water supply.

## Heart Warming Features

- Energy efficiency as it only consumes electricity when in use.
- Heaters are installed at point of use.
- Very versatile as it can be used at any place that required hot water.
- Unlimited hot water supply.
- Electronic temperature control system.

## Safe, Easy Durable

Safety comes with the latest technology built-in Earth Leakage Circuit Breaker (ELCB), and is manufactured in accordance to the stringiest ISO 9001 and ISO 14001 standards. ELCB sensitivity of 15mA would automatically cut-off power supply in the event of current leakage and prevent electrocution.

## Other Safety Features

- Anti Leak Tank Design – provides additional safety to the users
- Pressure switch triggering system – only operates when there is sufficient water pressure
- Heating Element – only activates when there is water flow, as a result of activating the stop cock to prevent a possible dry run.
- Thermostat automatically cuts out at 55°C. This acts as anti scalding
- Splash proof panel.

## Technical Specifications

- Heating electrical rating – 3.5kW, 220-240V A.C, 50Hz
- Minimum water flow rate – 2 litres/ min
- Maximum water pressure – 3.87kg f/cm<sup>2</sup>(55 psi)

- Water temperature control – Electronic control
- Water Connection – 15mm dia. (1/2" BSP)
- Dimension – 220mm x 320mm x 73mm (H)
- Weight – 1.43 kg

- 
- 

- **Stepless Electronic Control**

- Allows users to make fine power adjustment to produce desired temperature.

- **Splash-Proof Casing**

- Protection against water jet spray from all possible directions.

- **Built-in RCD**

- Life-saving device which cuts off power supply in the event of current leakage, protecting users from getting electric shock.

- 
- 

- **Built-in Voltage Surge Protector**

- Protects internal electrical circuit from electrical surges and voltage spikes, including those caused by lightning.

- **Built-in Flow Sensor**

- Cuts off power supply in the event where water flow is less than the rated flow that might result in internal overheating.

- **Double Function Thermostat**

- Additional manual reset function in the event of abnormal temperature rise, protecting users from the risk of scalding.

- 
- **UK Technology Heating Element**
- Advanced heating technology providing users with instant hot shower water flow, with a guaranteed 3-year warranty.

- 
- **Unlimited Capacity Hot Water Supply**
- Tankless instantaneous water heater technology provides on-demand constant supply of hot water instantly without the need of waiting.
